### **EXAMINER'S AMENDMENT**

1. An examiner's amendment to the record appears below. Should the changes and/or additions be unacceptable to applicant, an amendment may be filed as provided by 37 CFR 1.312. To ensure consideration of such an amendment, it **MUST** be submitted no later than the payment of the issue fee.

Authorization for this examiner's amendment was given in a telephone interview with Hosheng Tu on 14 June 2005.

The application has been amended as follows:

CANCEL CLAIMS 6, 21, and 22.

### ***Allowable Subject Matter***

2. Claims 7, 13-20, and 23-30 are allowed.

3. The following is an examiner's statement of reasons for allowance: The prior art fails to disclose the subject matter claimed by applicant. In particular, the subject matter not found was a plasma filtration method that uses a device with flat plates and flexible seals which uses orbital, non-rotational motion to filter blood into its constituents, then exposing the plasma to a pathogen-inactivating component, and returning the treated plasma to the patient, along with the other steps and limitations of the claims.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
